ATHLETIC FACILITIES/SPORTS & FITNESS/CAMPUS RECREATION

ABACUS SPORTS INSTALLATIONS

www.abacussports.com

Abacus Sports installs various types of sports surfacing for gymnasiums, running tracks, tennis courts, weight rooms and athletic locker rooms. In addition to sports surfaces, we install synthetic rubber flooring for multi-purpose facilities, banquet halls, and other social events. We are a leader in synthetic flooring. Abacus can turn your facility into an ideal space to congregate for sports performances and social gatherings. We provide the synthetic flooring for both sport and recreational use so your facility can be used to its full potential. Our surfacing is resilient against heavy foot traffic, bleachers, and pointy shoes, which makes it perfect for multiple uses. Abacus specializes in inlaid platforms for weight rooms, and we helped create and develop this product by producing a sub-layer flooring that protects concrete from the heavy weights dropping. The level platform can help create a more effective weight room for your athletes. Customize your surfaces with Abacus.

AQUATIC ACCESS

www.aquaticaccess.com

Aquatic Access offers a full line of water-powered lifts for in-ground pools and spas, above-ground pools and spas, portable spas, swim spas, and for most whirlpool, therapy, or rehabilitation tubs and pools, including those consisting of six-foot walls. We also build lifts for boats, docks, and cruise ships to provide access to pools and spas.

BISON

www.IPIbyBison.com

IPI by Bison provides ceiling and wall mounted basketball backstops, gym divider curtains, batting and practice cages, gym floor covers, wall and stage padding, in addition to a wide selection of gym and field sports equipment for sports-related new construction and renovation projects. For over 40 years, IPI has provided quality gym equipment to schools, recreation centers, churches, health clubs, pay-to-play facilities, YMCAs, and virtually anywhere that indoor team sports are played. In 2012, IPI was acquired by Bison, arguably the industry leader in post-construction, indoor gymnasium, and outdoor field sports equipment. Operating as an independent division of Bison, IPI customers now can take advantage of Bison's advanced manufacturing capabilities, extremely broad product line, and creative product engineering. Located off I-80 in Lincoln,

ATHLETIC FACILITIES SPOTLIGHT

VANTAGE

www.vantagewatercare.com

The Vantage Water Care Program is a comprehensive water maintenance plan designed for commercial pool operators, utilizing chlorination, or bromination as the primary sanitation method. The Program combines the effective and reliable sanitation properties of chlorine or bromine sanitizers with the remarkable clarification properties of a new compound called Poly-A Tablets. These components are added to an overall water management framework that encourages sparkling clear water. The Vantage Water Care Program gives your commercial pool the highest quality water in the most efficient, operator-friendly and cost-effective program available. It is a straightforward operation consisting of a number of components. The size and installation of these components are carefully determined according to your pool's specific needs and demands.

ATHLETIC FACILITIES SPOTLIGHT

ROYAL BASKET TRUCKS

www.royal-basket.com

Continual product development and enhancements have made Royal a recognized brand of material handling solutions for multiple markets. We manufacture basket trucks and specialty laundry carts in 12 vinyl colors, or in canvas or molded poly. Every product is made to order, and this allows us to customize our wire frame carts by making size modifications specific to a customer's environment when needed. In addition to slight modifications, we also design and manufacture custom concept carts. Our manufacturing environment is unique in that we have a full woods department, a welding department, and an industrial sewing department all under one roof. This allows us to produce orders on a short timeline to better meet your needs.

Nebraska, Bison has a longstanding reputation for quality, customer-centric service, on-time delivery, and is dedicated to creating U.S. jobs by maintaining over 90% of its manufacturing in the United States.

INCORD

www.incord.com

InCord is the leading provider of safety netting solutions for a wide variety of sports—soccer, lacrosse, baseball, and more. Products include custom field dividers, batting cages, backstops, and field goal netting. InCord makes netting for team and spectator protection around fields, over stadiums, and above dashers and bleachers. In addition to new construction netting, InCord can design custom sports netting to existing structures and spaces that renew what you already have; we can also add new, facility-enhancing netting solutions. Whether you're a facility owner, construction contractor, or facility director, InCord has exactly what you need—no matter the size of your project—with its wide selection of netting materials and over twenty

years of experience. Visit <https://incord.com/sports-division/> or call 860-537-1414 to learn more.

LIST INDUSTRIES INC.

www.listindustries.com

From initial design to final manufacturing, Superior lockers by List Industries Inc. are engineered using state-of-the-art computer technology, ensuring quality you can depend on. The uniqueness of our Hollow-T framing system allows us the flexibility to custom design a locker to meet the specific requirements of your project. We welcome the opportunity to work directly with you to custom design a locker room environment that is productive and attractive, while at the same time cost-effective. Our results-driven team of designers, engineers, and sales professionals are available to assist you every step of the way from initial budget planning to final project closeout.

MICROFIT, INC.

www.microfit.com

MicroFit, Inc. has been producing quality Fitness/ Wellness assessment software

and medical grade testing equipment since 1986. Several hundred colleges and universities have benefited by using a wide range of MicroFit products that are designed to evaluate, educate, track progress, and motivate students, faculty, and the community to adopt healthier lifestyles. We recently introduced the MF-1215 treadmill to complete the total MicroFit FAS-2 System Fit-Lab concept, an affordable package that fits an area of 12' x 12' and is guaranteed to upgrade any recreation facility seeking a total integrated approach that will enhance fitness/wellness assessment solutions. For more information call Rob Rideout at 800-822-0405, or you can schedule a Free webinar overview of the HealthWizard software suite.

www.wengercorp.com/acoustics

products are U.S. designed, and their build knob-based cue systems make personal monitoring easy. Not only are Hear Technologies products found in studios and live productions around the world, but they are proudly used by musical artists such as Bruce Springsteen, Jon Batiste, and Lady Gaga. They can even be seen on the hit television series *Dancing with the Stars*. We design with the musician and engineer in mind, and we're always working to make our products even better and more user-friendly. Because our equipment is easy to use and has a broad industry presence, higher education institutions such as Yale School of Music and Middle Tennessee State University Recording Industry choose Hear Technologies products for their hands-on learning spaces.

WENGER www.wengercorp.com

The value that Wenger offers is in a class of its own, and no one puts more careful thought and effort into quality, or more emphasis on durability, versatility, and ease-of-use. Wenger understands how important it is to have products that last, products that provide flexibility with how you apply them, and products that transport easily and set up fast. We've learned this by listening to our customers—the driving force behind every product we build. In addition to Wenger's commitment to innovation is a tradition of outstanding customer service and support. Wenger stands behind each product with expert technical support, great warranties, as well as customer service that's responsive, thorough, and dedicated to your individual needs.

CONSTRUCTION/HVAC

CLEARSPAN www.clearspan.com

Over our history, ClearSpan has worked on thousands of projects across dozens of industries, providing custom and turnkey building solutions that are both unique and functional. We've become renowned for our versatile structures, which have earned the nickname "Buildings of 1,000 Uses." When purchasing a structure from ClearSpan, our customers can rest assured that they will receive the exceptional service that ClearSpan is known for. Our Building Specialists have years of experience working within the industry, so they can offer invaluable advice and suggestions throughout the entire building process, ensuring that customers get a structure that is ideal for their operation.

DORLEN PRODUCTS INC. www.wateralert.com

Dorlen Products, a water leak detection company, has manufactured surface water leak detection equipment since 1975. Our water leak specialists are dedicated to selling the highest quality, lowest maintenance leak sensors available today. Our leak sensing systems are rugged yet sensitive to detect even a thin film of water, and without false activations. Water Alert leak detection equipment is designed to maximize protection by offering continuous monitoring 24/7. Our water line leak detection equipment identifies small leaks such as condensate water overflow, chiller water leaks, plumbing line cracks, heating/cooling piping leaks, outside seepage, and more, all prior to an occurrence of damage and downtime. The water detector alarm features vary by model.

DYNAMIC AIR QUALITY SOLUTIONS www.DynamicAQS.com

It is increasingly understood that indoor air quality (IAQ) impacts learning. Dynamic Air Quality Solutions manufactures high-efficiency air cleaning systems that improve IAQ, save energy and reduce operating costs. Dynamic Air Cleaners remove odors and VOCs in addition to ultrafine particles. The Dynamic V8® Air Cleaning System delivers MERV 15 performance and offers media change-out intervals measured in YEARS instead of months. Dynamic Activated Carbon Matrix™ (ACM) Systems allow for precise control of gas phase contaminants without the energy penalty and high maintenance costs. Dynamic Sterile Sweep™ UVC Systems provide high output UVC for the inactivation of biological contaminants. Dynamic Air Quality Solutions is a proud partner of ASHRAE headquarters renewal project.

INSPIRED TEC www.inspiredecellc.com

We all want to believe that our indoor air is clean and healthy, and yet research tells us that indoor air pollution is a serious environmental health concern. The EPA reports that air inside buildings is five times more polluted than the air outside, and that polluted air causes 50% of all illnesses. This is an alarming reality since we spend 90% of our time indoors. Inspired TEC has a solution. Photocatalytic Oxidation is the newest generation of Proactive Air & Surface Purification, and it combats pathogens in the following ways: Flocculation, Molecular Dissociation, and Cluster Ions. Our online video library demonstrates multiple uses for PCO technology in some of our newest venues.

KALWALL® CORPORATION www.kalwall.com

Kalwall has provided museum-quality daylighting™ to building occupants all over the world for more than 60 years. Company founder Robert R. Keller, Sr. invented the original translucent sandwich panel in 1955, and no other company has dedicated more years, resources, creativity, and innovation into the science and art of daylighting. Kalwall is the most highly insulating, diffuse light-transmitting, structural sandwich panel in the world. Lightweight, shatterproof, and rapidly installed, Kalwall has unrivaled structural integrity that is far superior in performance and value to products that superficially may appear similar. Kalwall can function as part of the walls or roof of any building, or be an entire freestanding structure. Typical product applications include Wall, Window Wall and Curtain Wall Systems, Window Replacement energy upgrades, Skylights, Pre-engineered and Custom Skyroofs®, Clearspan™ Systems, as well as Canopies+Walkways.

CONSTRUCTION/HVAC SPOTLIGHT

HOPE'S® WINDOWS, INC. www.hopeswindows.com

Hope's custom steel and bronze windows and doors have graced the campuses of prestigious educational institutions in the U.S. for over 100 years—beginning with the company's first order for Cornell University in 1912. The unmatched strength of solid hot-rolled steel can sustain incredible structural load requirements, allowing Hope's to realize the precise design requirements desired for monumental openings in virtually unlimited scale and shape. Hope's manages this while also maintaining minimal sightlines and maximum glass area. Hope's prides itself on a long-standing commitment to safety and certification, subjecting its products to more third-party testing than any other steel window manufacturer. Whether newly constructed, retrofitted, or preserved for historical integrity, every window and door is built to last for a century or longer, and with minimal maintenance. Unmatched strength and performance, quality craftsmanship, environmental sustainability, and efficiency are just some of the features that make Hope's Windows an ideal long-term investment.

HOPE'S®

Explore Together

KENYON INTERNATIONAL www.cookwithkenyon.com

Kenyon International is a domestic manufacturer of compact ceramic cooktops and the All Seasons™ electric grills available in 120V UL for use both indoors and outdoors. We offer unique and functional designs that incorporate the latest in cooking technology such as the next generation SiIKEN®2, a high energy Induction cooktop that provides cooking by temperature or power setting with quick heat dissipation and user-friendly controls. Standard knob or touch control cooktops are available in 1 or 2 burners - 120, 208, and 240V UL, each with HOT and ON indicator lights. We also offer an exclusive 3-year product replacement warranty in addition to unparalleled customer service.

KRIEGER PRODUCTS www.kriegerproducts.com

Since 1936, Krieger Specialty Products has been a leading manufacturer of specialized door and window products for acoustical, blast resistant, bullet resistant, radio frequency shielding, thermal shielding,

tornado, and hurricane applications. Built to your precise specifications, Krieger doors and windows have been the choice for premier schools and universities all over the world.

PVI INDUSTRIES www.pvi.com

PVI is a leading manufacturer of industry-best commercial and industrial water heaters, each fabricated from corrosion-resistant AquaPLEX® duplex stainless steel. PVI water heaters can be configured for any common energy source including natural or LP gas, oil, boiler water, solar, steam, electricity and waste heat. Water heaters range from instantaneous, on-demand water heating to storage water heaters. PVI has installed thousands of systems across the nation throughout a broad range of application and industries, those such as universities, restaurants, hotels, hospitals, apartments, correctional facilities, military barracks, and more. PVI proudly backs its water heaters with the industry's strongest warranties and service policy packages.

FLOORING

NAC PRODUCTS www.NACProducts.com

For more than 30 years, NAC Products has been an innovator of high-quality products for hard surface flooring and building applications. NAC membrane systems provide waterproofing, sound reduction, and crack isolation protection for residential developments such as high-rise condos, dormitories and hotels, as well as commercial projects like malls and airports. NAC membranes are laboratory tested and exceed the industry standard for sound abatement, crack isolation, and waterproofing membranes. NAC membranes have been featured in thousands of commercial, residential, and industrial applications worldwide, and they are the #1 architecturally specified, owner/contractor preferred, and lab tested membranes on the market today. Membrane systems that protect your flooring investment, that's NAC Products.

ICOM AMERICA INC.
www.icomamerica.com

Today's communications industry requires thinking outside the box. Icom's Network division covers growing IP/WLAN and LTE-CONNECT solutions. Icom's IP radio allows users to quickly establish a high-quality network in a building, and it does so by programming and connecting to an existing WLAN network. An IP radio system is especially ideal for users (colleges, hotels, hospitals, restaurants, etc.) who want to create a radio network using their own wireless network. Communicate far and wide with LTE-CONNECT, Icom's LTE radio solution. Using 4G and 3G networks, the IP501H allows for instantaneous push-to-talk communications throughout North America. This new LTE radio solution is perfect for teams in need of a simple and yet wide-area communication solution. AIR. LAND. SEA. Visit www.icomamerica.com/ network

IOTA provides critical emergency Life Safety egress performance for existing lighting systems. In the event of a loss of normal power, IOTA emergency lighting products enable existing fixtures to deliver code-required emergency illumination along the paths of egress for

AMERICAN SLIP METER®

SLIP & FALL PREVENTION SINCE 1993

OUR 925 IS AN NFSI APPROVED TRIBOMETER FOR DCOF TESTING

Our 925 is an automated DCOF meter that tests to NFSI B101.3 and ANSI A326.3. No drive wheels to slip on ramps, bathtubs, or grout lines. Test stairs in four directions.

Our 825A is an economical manual SCOF meter that tests to ANSI/NFSI B101.1-2009. Easy to operate for both dry and wet tests. Used across the globe for many years.

We offer sales, service, and rentals of SCOF and DCOF Tribometers. We manufacture the ASM 825A SCOF and the ASM 925 DCOF meters.

building occupants. Available emergency solutions include field installable emergency LED drivers, micro, mini, and central emergency inverter systems, emergency ballasts for fluorescent and LED retrofit tubes, and energy-saving auxiliary control devices.

THOR GUARD, INC. www.thorguard.com

Thor Guard is the leader in lightning prediction and is committed to maximizing emergent technologies in the development of systems that provide automatic notification of hazardous weather conditions. Thor Guard uses a highly sophisticated sensor and computer to measure and analyze the electrostatic field in the atmosphere. Lightning originates within this field, thus allowing Thor Guard to make calculations predicting its occurrence even though there may be no visible evidence of lightning. Lightning detection systems require the occurrence of an actual lightning strike before a warning is given, and many times this is too late. Such is why multiple airlines, government agencies, and other industrial users are utilizing Thor Guard.

MAINTENANCE

AMERICAN SLIP METER®, INC. www.americanslipmeter.com

American Slip Meter® has manufactured tribometers since 1993. Our meters are durable, reliable, repeatable, and fully supported. Floor safety programs and floor testing together equals safe floors. We now offer a dynamic coefficient of friction device, the ASM 925, in addition to our static coefficient of friction device, the ASM 825A. American Slip Meter®, Inc. has played a vital role in floor safety and manufacturing drag sled type slip meters, and we are actively involved in the ASTM, ANSI, and NFSI committees that develop and maintain walkway testing standards. Craig Stephenson, Vice President.

CHARLOTTE PRODUCTS www.charlotteproducts.com

More than 30 years ago, a visionary in the field of sustainability teamed up with three chemists to bring effective, healthy, and environmentally responsible cleaning solutions to the market. Charlotte Products was born from their shared vision. Charlotte Products has since grown into a global leader for sustainable cleaning innovation. Along the way, we've been defined by our ability to predict the cleaning industry's needs and trends, just as we have become known for our unique ability to match those needs with innovation, simplified knowledge transfer, and expertise. We find success by constantly improving our healthy, safe, and sustainable cleaning solutions.

LAPTOPS ANYTIME™
 Automated Checkout Kiosks

Space-saving Automated Checkout Kiosks are custom branded for each facility and designed around major laptop/tablet models in 12-bay host "starter" and 12- and 18-bay "companion" stations. Mix multiple device types in the same system and then smartly deploy multiple systems. Stations are integrated to ILS and/or local LDAP or Active Directory. Additionally, web camera, email notifications, and a full suite of inventory management, audit trail, and management reporting functionality make the system one-of-a-kind. Replace 30 desktops and regain over 150 square feet of comfortable seating as well as lower power usage by up to 90%. This "new" multi-use seating can accommodate and still serve those who want a comfortable place to read a book or those who bring their own digital device with them. Those needing a Laptop or even a 110V Power Charger can check out a device at our innovative kiosks and relax in a new, transformed atmosphere.

assist you. Eleven locations across North America speed delivery and minimize freight costs. You get what you need, when you need it, and at the lowest cost. Satisfaction guaranteed! Try any product we sell for a full 30 days. If not completely satisfied, return it to us for a no-hassle refund or credit.

SMARTDESKS
www.smartdesks.com

SMARTdesks offers more than just buying computer lab desks or conference tables as a generic commodity. We offer person-to-person design team interaction and collaboration with our customers. Together, project by project, we are shaping conferencing and education for the 21st century. Every space is different: SMARTdesks computer desk, computer lab and conference table solutions provide a configured solution for your space and needs. When you are looking for a full-scale classroom, computer lab furniture or conference room design solution, rather than a desk-in-a-box, think SMARTdesks. Our specialty is designing for your space and pulling together our teams in collaboration with your IT integrators. Using cloud-based technology to exchange ideas, concepts & drawings in a holistic integrated cloud platform, we bring together our teams to reach configured solutions to fit your needs, your space, your environment.

Indiana, we deliver these solutions to a global network of system integrators and distributors. In fact, our products are controlling buildings of all sizes and types around the world, including the most sustainable office building in North America. We stay ahead of technological innovations through active engagement with industry-wide technology initiatives and partnerships.

TOUCHNET
www.touchnet.com/credentials

TouchNet OneCard VIP is a campus ID credential, access, and declining balance payment system that runs in the cloud, is synced with a college or university's student information system, and manages the broad range of permissions, privileges, and financial authorizations required by modern campuses. Our campus credential solution transforms how students interact with your campus at nearly every access point, and we deliver the insight and actionable data you need to understand student engagement, streamline operations, simplify processes, and make better, informed decisions.
